

ELITE PRO

ELITE PRO, our next generation irrigation controller offers exceptional features and benefits, delivering an optimal solution that provides excellent return on investment

Flexibility

Integrates into existing ICC PRO system or as a standalone controller

Simplicity

Exceptionally easy to operate & program

Connectivity

Cellular, Internet and Wi-Fi communication

Variety

Up to 90 outputs, Analog inputs and outputs, SDI12 and more

I/O Options

- Main board: 10DI/DO, 2AI, SDI12, High speed flow sensor
- Basic Expansion: 16DI/DO, 2AI
- Special Expansion: 8DI/AI, 2AO
- Up to 5 expansions allowed
- AC/DC: The same hardware supports AC and DC Latch

Connectivity

- USB
- Ethernet
- RS232 * 2
- External port
- Built-in Wi-Fi & BT

Power Source

- 8-12 VDC

Operation mode

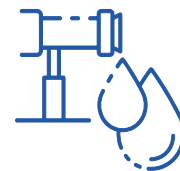

- Integrates into existing ICC PRO system
- Standalone unit (Operation via application and Keyboard & Screen)
